OF GREATER WASHINGTON

Message from the Interim Headmaster

Dear HaDaS parents and students,

Who says that Shushan Purim is only celebrated in certain cities in Israel? Our students were a sight to see on Monday, as the whole school was aglow with princesses, witches, gangsters, cartoon characters, and soldiers. We were also given a Purim synopsis completely in Hebrew by the third grade. Morah Dina proudly portrayed the Hebrew prowess of these remarkable children. The whole school was spellbound for the thirty minute performance. Not one of them missed a cue. Kol Hakavod to Morah Dina for her hard work, and to the students who have learned so much Hebrew.

Now, the hard work for Pesach begins! It is customary to start learning the rules of Pesach thirty days before the Chag! Here, our Judaic staff is taking that mission very seriously as we prepare your children for Seder so that they can be active engaged participants and truly make the meal the learning opportunity it was meant to be. Just as they are learning, it might be an idea to pick up a book and do some studying as well.

Shabbat Shalom,
Rabbi Avi
